

*Now we are ready to activate your system
on the Cloud...*

The system's
Registered Owner
will need to log in
and “Enable” a
system for the Cloud

- ✓ DKS IM Server/VoIP
- ✓ DKS Cellular

← → ↻ 🏠 🔒 dksdb.dksoftware.com/UserLogin.aspx

DKS Server User Login

New here? If you have not yet registered to use the DKS IM Server or DKS Cellular services, [click here](#) to do so now.

Forgot your password? [Click here](#).

[live chat mac](#)

Live Chat is available from 6:00 AM - 4:00 PM Pacific Time, Mon-Fri. Messages left after hours will be replied to the next business day.

Add

- ✓ Click on a system
- ✓ Check the “Enable on DKS Cloud” box.
- ✓ Click “Update”

The screenshot displays the DoorKing Entry System Management web interface. The main header shows the DoorKing logo and the title "Entry System Management". The user is logged in as "rmillerdoor". The interface includes a sidebar with "User ID" (rmiller-demo), navigation buttons ("Go", "Previous", "Next"), and a link to "DoorKing Connect". The main content area has a "Profile" tab and a table of entry systems. The "Workshop Demo" system is highlighted with a red box. An "Edit" modal is open, showing fields for "Phone Number" (424 702 1851), "Master Code" (9999), "Account Name" (Workshop demo), and "Est. Resident Count". The "Activate on the DKS Cloud" checkbox is checked and highlighted with a red box. The "Update" button is also highlighted with a red box. The modal also includes a "Remove" section with a "Remove This Entry System" button and a "Manage Users" section with "Add User ID" and "Remove Permission" fields.
