ACCESSORIES: ENTRAPMENT PREVENTION DEVICES

Photo-eyes
- Photo-reflective beams have a scan distance up to 40 ft. (12 m)
- Includes reflector and mounting bracket
- Thru-beam photocells have a scan distance up to 100 ft. (30.48 m)
- Separate sender and receiver
- Hooded metal enclosure
- Infrared beam

Reversing edges
- A variety of edge styles for different gates
- Mounting channels included

UpHill Counter-balance & Ball Joint Hood Assemblies
- Prevents counter-balance gates from swinging in an uneven plane

Loop Detectors
- Provide additional safety and fail-secure detectors
- Built-in time delay prevents gate from re-opening and tripping the detector

Swing Gate Accessories
- Eliminate shock-induced bearing failures, gate pinions, hinge plates, and other accessories
- Mounting brackets included
- Standard and hooded models available
- Prevents gear box damage if the gate is struck

Lock Boxes
- Provides electrical power and control access through a breakaway hub design

DC Swing Gate Operator
Battery Back-up and Solar Power
The newest DKS DC swing gate operator is perfect where backup power is critical. As this product offers true battery backup and solar power, it can be used in a wide range of applications.

Low Visibility Gate Operators
The unique design of the 6524 series operator allows the gate arm to be attached to the bottom of the gate. This allows for a cleaner looking install by keeping the arm out of sight. It also allows for easier access to the gate arm in the event of a power outage.

Easy to use manual release system
Steel frame for strength and durability

6500 / 6300 MODELS
• Two 6500 models to choose from: 1/2 and 1 horsepower
• 1/2 HP Quadra Drive Heavy-duty DC motor
• Solar power ready with 0.0 Amp SBPD Circuit (solar power only)
• Includes set of 72 AA batteries, solar kit includes set of 50 AA batteries and 10 Watt, 24 VDC solar panel
• With back-up power, up to 150 gate cycles with optional 18Ah batteries

6524 MODELS
• Operator is 24 Volt DC and includes built-in battery backup
• 15/230 VAC (switch selectable) or 24 VDC Solar Power
• 1/2 HP Quadra Drive Heavy-duty DC motor
• Easy to use manual release system
