THE NEXT GENERATION
OF ACCESS CONTROL

Smart, Connected Access Control—
Designed for Modern Communities

- Provides resident and visitor access control for apartment buildings, gated communities, condominiums, offices, factories, and industrial sites.

- Large 6.50" W × 4.875" H full-color display with easy-to-use A–Z CALL buttons and built-in electronic directory.

- Residents can see and speak with guests directly on their smartphone via live video streaming.

- Integrated camera with powerful day/night performance for clear, detailed images.

- Voice and data connection via Ethernet with PoE++ or optional cellular.

- Plug-N-Play installation using the 2100 Video Entry Controller.

- Supports 10,000 users and 40,000 (4- or 5-digit) entry codes.

- Expandable to 97 entry points using tracker expansion boards.

- Cloud-based programming and reporting via DKS Community Cloud or Remote Account Manager software.

- Soft-glow illuminated keypad and call buttons for improved visibility.

- 2-Year limited factory warranty.

Residential • Commercial • Industrial
